

What is the difference between Group and Individual Sessions?

<p style="text-align: center;">GROUP INSTRUCTION</p> 	<p>VS.</p>	<p style="text-align: center;">INDIVIDUAL INSTRUCTION</p> 
<p>Predetermined lessons and concepts must be covered to ensure all course content is taught.</p>	<p>FOCUS</p>	<p>Lessons are based on student's strengths and weaknesses, goals and targets.</p>
<p>Pace does not slow down. Teachers must follow a pacing guide for a group course—similar to a classroom setting in school or college.</p>	<p>PACE</p>	<p>Pace is adapted to fit the student's grasp of concepts. Instructor may move quickly or slow down to spend time on concepts and skills student needs reinforcing.</p>
<p>Schedule is predetermined.</p>	<p>SCHEDULE</p>	<p>Schedule is customized to fit parents' and student's schedule.</p>
<p>More affordable since cost is offset by number of students in group.</p>	<p>PRICE</p>	<p>More expensive since student is working one-on-one with a teacher.</p>
<p>Missed sessions will NOT be made up.</p>	<p>MAKE-UP SESSIONS</p>	<p>Missed sessions may be made up as long as student reschedules within College Direct's cancellation and rescheduling policy.</p>
<p>Students learn from their peers through open discussion and conversations.</p>	<p>SOCIAL INTERACTION</p>	<p>Interaction is limited to student and teacher.</p>

College Direct offers group, individual, or combination programs to ensure students' success. Not sure which approach is best for your child? Schedule a complimentary consultation with Lourdes, our director, to determine the right path for your student.
